# ELECTRICAL CONNECTORS

## CAM TYPE DEVICES—CL & CLS

### INLINE—CL SERIES 400A/600V

CL Series cam type devices assemble easily with hand tools. They offer superior durability and safety. Built with copper contacts for better performance and reduced heat rise, the CL Series offers universal strain relief for all wire gauges. One housing fits #6-4/0 cable.

### INLINE—CLS SERIES 400A/600V

CLS Series inline connectors have a non-conductive retaining screw which passes through the metal contact and fastens at both ends to the retaining ring. Constructed of solid weatherproof materials.

## CAM TYPE DEVICES—CLM SERIES

**CLM Series** inline connectors have a Santoprene housing. The Nylon retaining screw passes through the housing and Brass contact to provide maximum fixation. Will withstand heavy torque loading. Constructed of weatherproof materials, products are UL listed and CSA certified. NEMA 3R and NEMA 4R rated for wet locations. Connectors accept up to 150A/600V. Stock colors shown.

# ELECTRICAL CONTROL CABLE

## ÖLFLEX® Control Cable

### ÖLFLEX® TRAY II

Flexible & Oil Resistant Machine and Tray Cable

with both UL & CSA TC Approval for Industrial Applications

ÖLFLEX® Tray II is an industrial grade tray cable with superior oil performance for long cable life. It has a pressure extruded jacket and fine copper stranding for excellent flexibility making it much easier to pull through tray. With UL TC-ER approval, no conduit is needed so you can reduce material costs along with saving on labor.

#### Recommended Applications:

Industrial plant expansions, Automotive plants, Tray wiring, anywhere that VNTC® cables are used

Additional sizes with tinned copper braid shielding also available.

#### Application Advantage:

- Oil resistant pressure extruded PVC jacket for improved flexibility
- Easier to pull than standard tray cables minimizing labor costs
- UL TC-ER approval to reduce material costs. No conduit is needed.
- Black numbered conductors for easy identification
- UV resistant and direct burial
- UL wet rating 75°C

#### ÖLFLEX® TRAY II Construction:

Finely stranded bare copper conductors; specially blended PVC/nylon insulation; specially formulated oil resistant black PVC jacket.

#### ÖLFLEX® Tray II: Flexible and Oil Resistant Tray Cable

# The New Force In Stake Pulling!

**Pulls Tent Stakes  
Straight Out!**

- Fast and easy extraction
- Lightweight (21 lbs)
- Powerful all steel construction
- Prevents damage to asphalt
- Positive grip prevents back, shoulder strain, whiplash from slipping pullers
- Pulls 3/4" to 1-1/4" diameter stakes or rebar
- Works with stake bars and flat base plates (optional adapter required)

JackJaw® 302 in raised position with adapter

JackJaw® 301 pulling angled stake

Eliminate dangerous, costly operations and bent, unusable stakes

**Increase efficiency and reduce costs with JackJaw® Stake Extractors!**

*"Our guys fight over who gets to use the JackJaw® stake puller. We plan to replace all of our old stake pullers with JackJaws."*

Bart Nye, President  
Prime Time Party Rental, Dayton, Ohio

**Professional Series Multimeters**  
 Solid and rugged construction, data hold  
 Features saves measurements for later  
 Viewing.  
**#M2000**

The Klein MM500 Auto-Ranging Multimeter is a waterproof digital multimeter is ideal for measuring and trouble-shooting electrical circuits. It is capable of measuring AC/ DC voltage up to 750V, continuity up to 25Ω and resistance up to 4000Ω

**Professional Series Clamp Meter**

Built in magnetic mount for hands-free  
 Convenience, non-contact voltage de-  
 tection at the push of a button, quick  
 response. **#CL2500**

**12:1 Dual Laser Infrared Thermometer**

Backlit, Fahrenheit or Celsius button,  
 K-Type Thermocouple Input, Auto shut  
 Off, High/Low Alarm, Auto Scan, Work  
 Light. **#IR2000**

**Non-Contact Voltage Tester**

Non-contact detection of standard voltage,  
 High intensity, bright green LED, Auto power-  
 off feature, CAT IV 1000 Volt rating, lightweight  
 And durable. **#NCVT-2**

**Tape Measure—Magnetic**

Rare Earth magnets are 5x stronger,  
 Easy Read, 30 foot, double hook, shock  
 And impact resistant case.  
**#93430**

**KLEIN TOOLS**  
 For Professionals... Since 1857®

**High-Leverage Side-Cutting Pliers #D213-9NE**  
Streamlined design with sure-gripping, cross-hatched knurled jaws.

**High-Leverage Diagonal-Cutting Pliers #D228-8**  
Rivet is closer to the cutting edge for greater cutting power.

**High-Leverage Diagonal-Cutting Pliers Angled Head #D248-8**  
Angled head design for easy work in confined spaces.

**Standard Long-Nose Pliers - Side Cutting #D203-8**  
Induction hardened, long-lasting cutting knives. Knurled jaws for sure wrapping and looping.

**Pump Pliers #D502-6**  
Secure tongue and groove design for non-slip grip. Wide range of versatile jaw positions.

**10" Quick-Adjust Klaw Pump Pliers #D504-10B**  
Push button and quick ratchet feature allows for fast and easy Work in small or hard to reach spaces.

**High-Leverage Side-Cutting Pliers—Fish-Tape Pulling #J2000-9NE**  
Quickly and easily pulls flat steel fish tape without damaging the tape. Streamlined design with sure-gripping, cross-hatched knurled jaws.

**Cushion-Grip Insulated 9-Piece Screwdriver Kit #33528**

Three sizes of each tip style: cabinet, keystone, and Phillips.  
Two layers of insulation protect against electric shock.  
Highly durable, black nylon case—15.5x11x2.5"

**8 Piece Cushion Grip Screwdriver Set #85078**

Includes one cabinet-tip, three keystone-tip, and four Phillips-tip styles.

**Ratcheting Multi-Bit Screwdriver/Nut Driver #32558**

Heavy-duty, high-torque capability with comfortable Cushion-Grip handles.

**Stubby Multi-Bit Screwdriver/Nut Driver #32561**

Work in tight spaces, shaft hold 4 universal tips  
And converts to 2 nut driver sizes.

**11 in 1 Screwdriver/Nut Driver #32500**

Holds 8 popular tips and converts to 3 nut driver sizes.  
End of handle is marked to quickly identify tool.

**10-in-1 Folding Screwdriver/Nut Driver #32535**

Folds for easy storage or in pocket.  
Each driver contains 4 interchangeable bit styles and two nut Drivers.

**7 Piece Hollow-Shaft  
Magnetic Tip  
Cushion-Grip  
Nut Driver Set 3" Shafts  
#631M**

**Cushion-Grip Triple Taps and Six-in-one Tap Tool #626**

Quickly forms new threads, re-forms burred threads.

**8-Piece Master Electrician's Hole Cutter Kit**  
Split point pilot drill bit prevents bit walking.  
Integrated flange prevents the operator  
from drilling beyond the sheet metal.  
**#31873**

**T-Handle Hex-Key Set with Stand—Inch**  
9" Length—Inch Metal stand for  
convenient mounting on Bench or wall.  
**#JTH910E**

**Hex-Key Set #70591**  
Two-key positions, fits in your  
Pocket or tool box easily.

**9-Piece Combination Wrench Set #68402**  
Corrosion resistant, quality alloy steel, durable  
Chrome plated finish.

**11-Piece Combination Wrench Set Metric #68502**  
Corrosion resistant, quality alloy steel, durable  
Chrome plated finish.

**5-Piece Ratcheting Box Wrench Set**  
Laminated construction,  
Corrosion resistant, chrome plated  
Reverse ratcheting action.  
**#68221**

**WIRE STRIPPERS/CUTTERS**

**Wire Strippers/Cutters #11055**  
 East-to-read markings, precision shear-type blades.

**Wire Strippers/Cutters #11045**  
 Compact, lightweight, narrow nose.  
 Do not use for cutting steel wire or bolts.

**Multi-Purpose Electrician's Tool—8-22 AWG #1001**  
 Two wire cutters, Color-coded crimping dies, cleanly shears

**Haven's Grips #1625-20**  
 Knurled eccentric jaw applies gripping Pressure to 1/4" of cable area. Used for Guy strand and wire rope.

**Trip-Saver #1016**  
 Unique multi-tool addresses the special needs of electricians and maintenance professionals.

**Crimping/Cutting Tools #J1005**  
 Non-Insulated/Insulated Terminals

**Ratcheting Cable Cutters #63060**  
 High-leverage ratchet mechanism for Single-handed cutting of copper and aluminum cables, leaving no burrs.

**LED FLUORESCENT BULBS**

LED Fluorescent Lamps consume 60% energy and have 5 times the life expectancy of conventional Fluorescent lighting. Our lamp will fit into any existing T-8, T10, or T12 fixture, with just a small wiring modification. The lamps are quick and easy to install as there is no ballast necessary. The lamps are available in 2,4,6, and 8' lengths. All lamp are constructed of an aluminum base SMD Diodes, and a high strength polycarbonate covering which provides maximum protection against vibration and damage.

# INTRODUCING THE NEW CL400P PULSE START METAL HALIDE HIGH BAY

Due to standards set by the Department of Energy and the Energy Independence & Security Act, All manufacturers are required to change over from Probe Start to the more energy efficient Pulse Start Ballast. This new requirement is in effect for all Metal Halide lamps equal to or greater than 150W and less than 500W.

- What does that mean for us:**
- 88% Efficient Ballast
  - Multi-Tap Ballast 120V, 208V, 240V 277V
    - Prewired for 120V
  - Faster Warm-Up Time
    - Probe = 3-4 minutes
    - Pulse = 2 minutes
  - Faster Re-Strike Time
    - Probe = 10-20 minutes
    - Pulse = 3 - 4 minutes
  - More Light
    - 29,820 lumens vs 24,000 lumens
    - Allows for greater fixture spacing and less wiring cost

Cat NO: CL400P(DL732AM401PS)

Cat NO: CL400P(DL732AM401PS)  
 NOT FOR USE IN WILDLIFE  
 USE MINIMUM 14 AWG WIRE  
 CAUTION-RISK OF FIRE  
 TO REDUCE THE RISK OF FIRE, WIRE GUARD, USE ONLY LAMP IDENTIFIED AS HAVING A UV FILTER. DO NOT INSTALL LAMP IDENTIFIED FOR USE ONLY IN ENCLOSED LUMINAIRE. PREWIRED 120V IN FACTORY

## CUSTOM RACKED SOUND SYSTEMS

Galaxy Amusement & Peavey Electronics has the answer for all your Midway Sound needs. Big or small, simple or complex, we can manufacture a Custom System that is durable, reliable, and serviceable to fit your ride or concession. This is gear you can count on, date after date, city after city. This system can handle what you know is one of the toughest gigs in the entertainment industry. Loudspeakers with field-replaceable speaker baskets and weather-resistant cabinets, units shock-mounted for rugged use, and amps that stay cool, even when the weather doesn't.

The result: The Best and Most Complete P.A. Systems in the Amusement Industry.

# SOUND

## AMPLIFIERS

**CS SERIES**— Peavey's CS Series is the global standard bearer for workhorse reliability. 2 RU design up to 4080 watts is leaner, louder, and lighter.

**PV SERIES**— Peavey's PV Series power amps retain their 2 channel design, high power points, and Exclusive Peavey features and technology.

**IPR SERIES**— IPR1600 features 2 channel independent fourth order Linkwitz crossovers and the revolutionary new IPR class D technology.

**IPR SERIES**— IPR-DPS1600 features independent, assignable crossover points, delay, EQ presets, SECURITY LOCK SETTINGS, and an intuitive set up wizard.

## MICROPHONES & HEADSETS

**WS5E WINDGUARDS**  
5 PACK

**PVi SERIES**— MICROPHONE  
Dynamic cardioid microphone.  
Comes with carrying pouch, mic clip,  
And 6 meter XLR cable.

**AIRLINE 77**

**MIXERS**

**XR8600D**

**XR8300**

**XR SERIES— MIXERS**

New improved low noise  
 Mic preamps, multi point clip  
 sampling and new subsonic filter to  
 prevent low frequency power robbing.

**PVi SERIES— MIXERS**

Powered mixers are easy to use  
 and transport. They are designed  
 with exclusive Peavey technology.

**PVi8B**

**PVi4B**

**PROCESSORS**

**FEEDBACK FERRET D—Audio Processor**

Advanced computer algorithm automatically  
 Identifies and suppresses microphone  
 feedback.

**KOSMOS V2 —Audio Processor**

Second generation sub harmonic and  
 Stereo enhancement system improves  
 The listening system.

**REPEATERS**

**THE ULTIMATE MUSIC/MESSAGE REPEATER**

Stand alone stereo playback of standard MP3 or WAV  
 files built into a weatherproof non-metallic Nema 4X  
 enclosure. Audio is stored on Secure Digital [SD Cards].

Capacity is limited to size of the card.

Units can play continuous, sequential, random, or  
 audio files can be triggered in multiple ways.

[Push button, or any other input device]

You can load your messages in the SD card, or we can  
 customize one for you with professional voice over talent,

and CD quality sound and effects. Units have a

Built-in Class D amplifier with output power

Equivalent to a 200 Watt linear amplifier. Units

Can be used with 50-200W speakers.

## SPEAKERS

### IMPULSE SERIES SPEAKERS 1015 & 1012

Ultra High Performance, weather resistant,  
Two way speaker system. 12" or 15" Black  
Widow Woofers with a Kevlar cone.

IMPULSE II, 6,6T  
Small monitor, 2—4 1/2" speakers and  
A bi-morph high frequency driver.  
6T—Indoor/Outdoor

IMPULSE 7  
Two way molded  
loudspeaker.

### SP SERIES SPEAKERS

Engineered for optimal sound reproduction with proven reliability.

SP2—15" Black Widow 4" Voice Coil Woofer—1000 watts

SP3—15" Black Widow 4" Voice Coil Woofer—1200 watts

SP4—2—15" Black Widow 4" Voice Coil Woofer—2000 watts

SP118—18" Pro Rider Black Widow Woofer—1200 watts  
SP 218—2—18" Pro Rider Black Widow Woofers—2400 watts

# GFORCE RANGE

The Le Maitre GForce range of high powered, continuous flow, water based smoke machines are all based on the core technologies of G300.

## GFORCE 3

### FEATURES INCLUDE

- Massive smoke output - 51000 cbm/hr
- Fluid consumption 1.5cc/s (cont); 8cc/s (burst) (45min/4L bottle)
- Removable bottle carrier on rear of machine
- Onboard DMX 512 support
- Onboard, user programmable, time on / time off
- Onboard, user programmable, pre-chill time for Freezefog Pro / LSG triggering
- Integral power port for Freezefog Pro / LSG
- Comes with timer remote control
- Optional AUX port for external fan control - with Onboard, user programmable control

**SPEC** SIZE: 10.5"(H) x 11.625"(W) x 18"(D)  
With Bottle Carrier: 10.5"(H) x 11.625"(W) x 21.5"(D)  
POWER: 120v, 50/60Hz, 2 kW 17A  
WEIGHT: 35lbs

**FLUIDS:** Standard, Global Long Lasting, Quick Dissipating, Extra Quick Dissipating, Molecular, EZ KLEEN  
**ACCESSORIES:** Road Case; ducting adapter; AUX port

## GFORCE 2

### FEATURES INCLUDE

- Maximum smoke output - 25000 cbm/hr
- Fluid consumption 1.5cc/s (cont); 4cc/s (burst) (45min/4L bottle)
- Removable bottle carrier on rear of machine
- Onboard DMX 512 support
- Onboard, user programmable, time on / time off
- Onboard, user programmable, pre-chill time for Freezefog Pro / LSG triggering
- Integral power port for Freezefog Pro / LSG
- Comes with timer remote control
- Optional AUX port for external fan control - with Onboard, user programmable control

**SPEC** SIZE: 10.5"(H) x 11.625"(W) x 18"(D)  
With Bottle Carrier: 10.5"(H) x 11.625"(W) x 21.5"(D)  
POWER: 120v, 50/60Hz, 2 kW 17A  
WEIGHT: 31lbs

**FLUIDS:** Standard, Global Long Lasting, Quick Dissipating, Extra Quick Dissipating, Molecular, EZ KLEEN  
**ACCESSORIES:** Road Case; ducting adapter; AUX port

## GFORCE 1

### FEATURES INCLUDE

- Maximum smoke output - 19000 cbm/hr
- Fluid consumption 0.75cc/s (cont); 3cc/s (burst) (1.5hr/4L bottle)
- Standard and DMX models
- Comes with timer remote control

**SPEC** SIZE: 10.5"(H) x 11.625"(W) x 18"(D)  
With Bottle Carrier: 10.5"(H) x 11.625"(W) x 21.5"(D)  
POWER: 120v, 50/60Hz, 1kW 9A  
WEIGHT: 25lbs

**FLUIDS:** Standard, Global Long Lasting, Quick Dissipating, Extra Quick Dissipating, EZ KLEEN  
**ACCESSORIES:** Road Case; ducting adapter

FROM STAGE AND FILM, TO SPORTING EVENTS, TO THEME PARKS AND FIRE SAFETY TRAINING, LE MAITRE OFFERS SMOKE MACHINES FOR EVERY OCCASION.

Dedicated to saving lives and protecting assets

**INTRODUCING**

## Grip Guard® Cable Protectors

**WITH A NEW LOOK!**

After listening to feedback from our customers, we proudly introduce our new yellow and blue-grey GRIP GUARD® CABLE PROTECTORS! These lightweight cable protectors offer numerous features that out-perform competing rubber products, including a high visibility yellow lid and modular design that is easy to setup, disassemble and transport.

*The Gripper® Connector is ergonomically designed to fit your hand.*

CE

**NEW LOOK!**

5-CHANNEL  
MODEL: GG5X125

Grip Guard 5-channel protects cables up to 1.25" outside diameter and is up to 60% lighter than polyurethane models, and up to 75% lighter than rubber models on the market.

3-CHANNEL  
MODEL: GG3X225

Grip Guard 3-channel protects cables up to 2.25" outside diameter and is up to 33% lighter than polyurethane models and up to 50% lighter than rubber models on the market.

### FEATURES

- Gripper® Connector System with hand-conforming grip
- At ONLY 12.75 lbs. Grip Guard is the world's lightest 5-channel cable protector by up to 75%!
- At ONLY 23 lbs. Grip Guard is the world's lightest 3-channel cable protector by up to 50%!
- Snap Fit™ hinged lid
- Made from tough, impact absorbing, non-conductive polyurethane that's resistant from oil, fuels and lubricants
- Patented 5-Bar tread pattern for maximum traction
- Blue-grey base with yellow lid

GRIP GUARD® CABLE PROTECTORS include many patent-pending features, including our "Gripper Connectors" with a lightweight design. They are constructed with maintenance-free polyurethane, which creates a easy-to-handle, lightweight cable protector that provides superior strength and durability.

The Gripper® Connector is ergonomically designed to fit your hand, which allows for easy handling and transport. This connector also locks multiple cable protectors together easily and tightly to provide a safer crossing for vehicle and pedestrian traffic while protecting valuable electrical cables and hose lines from damage. This modular interlocking design is ideal for use in most public entertainment events, light commercial and utility applications.

**Modular interlocking design can be extended to any desired length!**

## PORTABLE POWER CABLE (UL) C(UL)

Available in: Custom Color, Any Length, Cut, Coiled, & Complete with Connector Assembly.

### FEATURES

- Available colors: Black, blue, red, green, white, yellow, orange, brown or custom
- Extra Flexible Class K (ASTM-B) Bare annealed copper stranding
- -45°C to 105°C, 2000 Volt Rating, flame retardant
- Resistant to oil, water, acid, gas, ozone, cuts, tears and abrasion
- (UL) 2000 volt rating, C(UL) 600 volts continuous use
- Manufactured to (UL) & C(UL) standard 1650
- MSHA Listed
- Surpasses NEC 400 requirements and may be used in any application where Type W, G or G-GC cable is used

### APPLICATIONS

Designed for use with industrial equipment, including portable generators, chillers, air conditioners, motor and welding leads, submersible wells, heavy tools, power extensions, marine dockside, mining and oil drilling applications, where long-term quality performance at all operating temperatures is desired.

### CONSTRUCTION

#### Conductor

- Bare, annealed electrolytic copper
- 30 AWG Class K rope lay stranding

#### DUAL INSULATED JACKETING TECHNOLOGY

##### Inner Jacket- Added for Your Safety

A separator of high contrast color is applied between the conductor and outer sheath for your added safety. This provides increased insulation, added flexibility, and allows you to easily identify damage or wear.

##### Outer Jacket

TYPE PPE (FT5) provides oil, water, acid, gas, ozone, resistance, flame retardant, durability and extreme flexibility at all operating temperatures.

Indented into outer jacket: (UL) TYPE PPE 900C DRY 75°C WET SUN RES 2000V E204219 P-07-KA070022-MSHA AWG 4/0 C(UL) PPC/TPE FT5 90°C SUN RES 600V
